Tier 2 visa support available

ABOUT US

- Situated in the beautiful spa town of Buxton in the High Peak we provide care to ~9000 patients and our list size is growing. We have been at our current site for 24 years.
- We are a busy, friendly and forward-thinking GMS Practice.
- We have a multidisciplinary clinical team who are committed to delivering high quality primary care to our patients. We cover a mix of rural and suburban areas some of which have significant deprivation and hence experience health inequalities.
- Our commitment to quality care is recognised by sequential CQC Good ratings at our last 2 inspections.
- Becoming part of the DHU Healthcare family allows the practice to future proof itself and ensure we are a part of the lives of our patients for many years to come.

ABOUT THIS ROLE

- We are looking for a high performing and committed GP to join our team at Buxton.
- We are an EMISWeb practice although experience with SystemOne is an advantage.
- We have a digital optimisation approach to ensure any digital tools improve the way in which we work.
- Fair distribution of Duty GP days – which start with a clear ledger.
- You will be working at Buxton focussed on providing continuity of care to a natural community and supporting effective multi disciplinary team working.
- Attends practice clinical meetings with opportunity to have input into practice development.
- We actively encourage personal development including the opportunity to develop clinical and non clinical enhanced skills through our relationship with DHU.

CLOSING DATE FOR APPLICATIONS 30th APRIL 2025
