

GP-S & PRACTICE MANAGERS

Free mentoring, coaching and signposting service.

Since 2015 GP-S has been offering 4 free sessions of mentoring for GPs. Enabling them to develop themselves personally, professionally or in their careers.

We are now expanding to offer the same service to Practice Managers in Derbyshire.

Mentoring takes place in a location and at a time best for you. You can easily fit it around a busy lifestyle.

We're also looking for dedicated and enthusiastic retired or current Practice Managers to become paid GP-S mentors for Practice Managers.

To access the practice manager mentoring service or learn how to become a practice manager mentor:
