AgilePM Foundation

December 2017 – March 2018

WHO IS THE COURSE AIMED AT:

The AgilePM certification is useful to all candidates and competency levels ranging from highly experienced project managers to those new to the industry.

WHAT YOU WILL GAIN:

The course will:
- Explain how to lay the foundations for successful agile projects
- Explain how an agile project is managed
- Clarify the different management styles needed for successful agile projects (compared to "traditional" projects)
- Provide integration with PRINCE2®.

PROGRAMME OUTLINE:

Please note exams will be held online and it is advised you test your system will work prior to booking. Please click the following link and follow the steps to test it https://www.proctoru.com/testitout/.

Please be aware that you will be required to download a temporary file during the exam process and this is what is usually blocked by the firewall so you will need to liaise with your IT Department and share this information with them or ideally take the exam from home on your own personal computer.

It is possible you may experience firewall issues within your trust, you will either need to liaise with your IT Department or ideally take the exam from a home network using your personal computer.
