## DDLMC Working for You

### A Huge Thank You

A huge thank you to all GPs working across the Christmas holiday period under difficult circumstances.

### Latest Position Statements:

Please see an overview of our latest position statements:

#### **Electronic Referral Service (e-RS) roll-out / Paper Switch-Off Programme Update**

From 1 October 2018, hospitals will no longer be paid for activity which results from referrals made other than through e-RS.

As part of the national implementation plan, providers are required to bring this date forward to get local processes in place before the national deadline.

DDLMC understand the pressure that secondary care are under to introduce these changes and are fully supportive of e-RS, but appreciate there may be circumstances where e-RS is either not possible, or appropriate; many of these instances are included on the e-RS exclusion lists which can be found here for Royal Derby Hospital (Chesterfield Royal Hospital online exclusion list pending).

**Read the full information update [here](#)**

## **DDLMC Website: The Sessional Section**

DDLMC has got a brand new '[Sessional GP](#)' section of the website. This section includes general information on how DDLMC can help support sessional GPs and advice and information for practices. We also have more focussed information for locum and salaried GPs and the new GP Retainer scheme. Please let sessional GPs working in your practices know about this valuable resource.

Since launching our new website in January over 50% of our levy paying practices visit the site on a daily basis, if there is something you want to see more of let us [know](#)

## Address Change

**Please note the LMC Office has moved.**

**Our new address is:**

Derby & Derbyshire Local Medical Committee Ltd  
Heritage Gate  
Norman House  
Ground Floor  
Friar Gate  
Derby  
DE1 1NU

**Other contact details remain the same.**

## What has the LMC ever done for me?

We've created this short [video](#) to show what the LMC have been up to over the past 12 months.

If you would like to join us and be a voice for general practice please see information about our upcoming elections

Nomination Forms to be  
returned by email or post by  
Friday 9 February 2018

**Derby &  
Derbyshire  
LMC**

## **DERBY & DERBYSHIRE LMC ELECTIONS\* 2018 for:**

Term of Office 01 April 2018  
until 31 March 2022

If you are interested in holding office for a 4 year term as a DDLMC Member please contact Laura Grainger [office@derbyshirelmc.nhs.uk](mailto:office@derbyshirelmc.nhs.uk) or contact the DDLMC Office 01332 210 008

For further details visit  
[www.derbyshirelmc.org.uk](http://www.derbyshirelmc.org.uk)

*\*restricted to General Practitioners registered on the Derbyshire Performers list*

## Introducing the LMC Members

### **Dr Andrew Jordan**

Andy qualified as a GP in 1999 and has been working in Long Eaton as a partner since 2000. He has represented Erewash on the LMC since 2010. He works as a GP trainer for Derby Vocational Training Scheme and is a GP tutor for undergraduate training with the University of Nottingham. Andy has been involved with promoting research in primary care through the National Institute for Health Research over the last decade.

Outside medicine, he has a keen interest in broadcasting and works in community radio - currently developing a health-based broadcasting service in Leicestershire, and plays the bass guitar very badly.

## Health Literacy Toolkit

**43% of English working age adults do not have the health literacy skills to routinely understand health information (61% if this includes or involves numbers).**

**According to the Royal College of General Practitioners, health information is 'too complex' for more than 60% of working age adults to understand, which means that they are unable to effectively understand and use health information. Those with lower levels of health literacy are more likely to suffer from health inequalities that lead to the poorest health outcomes.**

[Here](#) are the links to a new health literacy toolkit, produced as a partnership between NHS England, Public Health England, Health Education England and the Community Health and Learning Foundation and launched today.

News Item - Toolkit launched to tackle low health literacy – read [here](#).

## PCSE Locum Pension Changes

Please note that from December 2017, all Locum A and B forms must be submitted either by an online form or by post. You can find details of the updated arrangement [here](#). For a wealth of information on locum pensions, please see the [NASGP website](#).

## DDLMC Needs YOU!

DDLMC representatives have meetings set up with providers, CCGs and our local hospitals throughout 2017.

We want to reflect your views and iron out any problems you are having.

Please contact the [office](#) to discuss any problems, and one of your operational team will get back to you.

We are also looking at updating the resource section on the DDLMC website, but we need you to tell us which resources would help make the day job easier?

Please email your suggestions and feedback to:  
Head of Communications

[Susie.Bayley@derbyshirelmc.nhs.uk](mailto:Susie.Bayley@derbyshirelmc.nhs.uk)

## Supporting GPs going through Inquests

DDLMC are working with GP-S mentoring and local GPs, to see how we can best support GPs going through the stress of an Inquest. If you have been through this process, and would like to contribute, please contact [Susie.bayley@derbyshirelmc.nhs.uk](mailto:Susie.bayley@derbyshirelmc.nhs.uk).

## Sessional GPs e-newsletter – UK

### Kraft HR Consulting

Kraft's services are focused around the needs of organisations that don't have in-house HR expertise or need additional capacity or capability. To read more click [here](#).

Please find a [link](#) to the most recent sessional GP newsletter which includes a blog and guidance on sessional GPs working under new models of care and the launch of the new sessional GP hub webpage.

### Around the World in General Practice

#### **PMA Bulletin for NHS Organisations - PMA Training**

To deliver rapid in-year training to empower and develop practice managers, to develop resilience in general practice and to prepare for more integrated models of working in the future.

Please find the link [here](#) for more information.

### Derby and Derbyshire LMC Services Recruitment Services

Our recruitment service is delivered by Lisa Sultana and comes highly recommended by all the GP partners who have used our service. For more information click [here](#)  
Lisa can now be contacted on [Lisasultana@gmail.com](mailto:Lisasultana@gmail.com).

### DHU Health Care CIC Clinical Update

#### [December 2017 Clinical Update](#)

### LMC Buying Group - Update on use of adjuvanted trivalent flu vaccines

The LMC Buying Group are aware that NHS England circulated a letter to GP practices about the use of adjuvanted trivalent flu vaccine for 2018-19 flu season on 22 December.

The letter stated that the advice from the Joint Committee on Vaccination and Immunisation (JCVI) is that the use of the adjuvanted trivalent flu vaccine should be a priority for those aged 75 years and over.

The LMC Buying Group launched its vaccine offers for the 2018-19 season in October 2017 and discounts were negotiated with manufacturers of trivalent, quadrivalent and the new adjuvanted trivalent vaccines.

In light of NHS England's letter, Seqirus have extended their early bird discounts until the end of January. Details of the discounts and other terms are available by logging in and visiting the Flu Vaccines page of the website.

If you have already placed your order with one of our other suppliers and decide to amend your order to allow for the purchase of FLUAD as well, then please contact your existing supplier as soon as possible.

## **AN UPDATE FROM RICHARD VAUTREY**

### **Additional Funding for winter pressures**

I have today received confirmation that NHS England are making available £20m additional funding to CCGs to support access to general practice over the winter period. They have asked CCGs to use this between now and Easter. Whilst additional funding is welcome, what we really need is recurrent funding.

### **Government acknowledges GP workforce crisis**

*I* News reported on their front page this week that the Health Secretary has acknowledged the GP workforce crisis by admitting that there is a “very big problem” with GP numbers. To read the full story, please click [here](#).

GP committee executive member, Krishna Kasaraneni, wrote a blog on the state of the GP workforce. To read the full blog, please click [here](#).

### **BMA media impact about NHS pressures**

Please see this [summary](#) produced by our excellent media department. Please share this widely.

The BMA's concerns were also reflected in [Mail Online](#), [The Daily Telegraph](#), [The Northern Echo](#). Read the BMA's full response to the NHS capacity crisis [here](#).

### **GP at Hand and NHS 111 Online Pilot**

We understand that there could be plans to roll this service out to other cities in England early in the New Year and it is clear that the implications could be very serious for the future of the registered list-based system of general practice. We have a meeting fixed with NHS England to discuss this important issue further in the first week of January.

## **Supporting mental health in general practice**

Mind has released a survey that looks into GPs' experiences in supporting people with mental health problems, including training in mental health, as well as wellbeing and what support mechanisms are in place to support GPs.

To take the survey, please click [here](#).

## **Helping CCGs realise the benefits of investing in general practice workforce**

One aim for 2018, must be to turn around the GP workforce crisis. It is important that CCGs are made to see the value of investing in general practice workforce immediately. Read Krishna Kasaraneni's, GPC England executive committee member, blog [here](#).

## **Challenging misleading headlines**

Following a front page story in *The Times*, which claimed some GPs are drawing pensions that would imply earnings of £700,000, I wrote an article in response making it clear that most GPs are far more preoccupied with 'the struggling state of general practice as they try to cope through another winter than with the pay packets reported'. Read the article [here](#).

## **Asthma UK's annual asthma care**

In response to a recent post on the Asthma UK Facebook page, asking for patients to share experiences of bad asthma care from their GP surgery, we have written to their Chief Executive to raise our concerns and seek a change in approach. They have apologised for the concerns that this has caused, and say they have taken steps to avoid this happening again in the future.

**BMA Practice staff training -  
Helping you meet your  
training obligations  
Click [here](#) to find out more.**

## **Applications open for the next wave of clinical pharmacists in general practice**

NHS England is inviting GP practices and other providers of general practice medical services to apply for funding to help recruit, train and develop more clinical pharmacists through the secure [clinical pharmacist application portal](#). The deadline for wave 4 application submissions is **19 January 2018**.

Guidance and support in submitting your application can be found on [NHS England's website](#).

Contact Christopher Scott or Alex Ottley with any queries [workforce-and-innovation@bma.org.uk](mailto:workforce-and-innovation@bma.org.uk)

### **Funded GP coaching sessions**

NHS England are offering fully funded one-to-one tailored coaching for GPs, with three 90-minute confidential sessions by experienced and qualified coaches.

There are limited places on a first-come-first-serve basis by 31 January 2018 by registering via the following [link](#). More information is [here](#).

### **GPC Roadshows**

A number of GPC roadshows are planned for the coming months across England, starting off on the 31<sup>st</sup> of January in Birmingham, Leeds and Avon. More information can be accessed [here](#).

### **GPC Regional Elections**

The nominations for GPC regional elections are due to open on Friday 12 January. More information, including the election pack, will be available next week on the BMA website and via the this update.

### **UK GP Newsletter**

To read the latest newsletter, please click [here](#).

## **Health Literacy Event**

**7<sup>th</sup> February 2018 in Nottingham.**

The event follows the conclusion of the East Midlands Health Literacy Demonstration Site which was jointly run by Health Education England, NHS England and Public Health England. It will focus on the strategic dissemination of the outcomes of the site, information on the resources produced, and how the learning can be embedded across the health and care system.

For further information on this event [click here](#).

To register for the event use this [link](#)

## **EU Nationals working in the NHS**

*The NHS has always benefited from committed, and talented health staff both trained here in Britain and who have chosen to work here from abroad.*

*EU nationals form an integral and vital part of the health and care family, and your skills and compassionate care directly benefit patients, families and communities.*

*We are pleased that the Government has ensured that EU citizens living lawfully in the UK will be able to stay and enjoy broadly the same rights and benefits as they do now and welcome the Home Secretary's letter to the NHS to confirm this.*

*Your vital contribution to our work together will continue and is greatly appreciated by all those we care for."*

Visit the [website](#) for full article and letter from Amber Rudd MP

## Letter to LMCs - Update on PCSE

Letter from Dr Ian Hume, GPC Policy lead for premises and practice finance, for an update on PCSE following a meeting with Jill Matthews, NHS England.

[Click here](#) to read the letter

*Places are free of charge for RCGP Members and £25.00 for non-members*

Click [here](#) for more details and dates.

# Training & Opportunities

## Primary Care Improvement Community (PCIC)

**2 day workshop - Quality Improvement for nurses in General Practice – 22 & 23 January 2018, Birmingham city centre – venue to be confirmed**

If you are a nurse working in General Practice and would like to learn more ways to make change happen, improve your processes and provide better, safer care, contact [karen.goldsmith1@nhs.net](mailto:karen.goldsmith1@nhs.net) for information or to register.

**Experience Based Design - involving staff and patients in making change.**

**Birmingham, 28 February 2018** [Register here](#)

Experience Based Design is a practical set of tools that will enable you to actively involve your staff and patients in improving your services. After all, who has a better view of what works and what doesn't than those most closely involved.

**Thinking Differently – North West England, 13 March 2018,** [Register here](#)

General Practice can't just work harder and faster to meet the growing demand - we NEED to come up with innovative solutions to some of the challenges that we face. It's a great way to involve your General Practice staff in being part of the answer, so come and learn some easy to use tools to develop new ideas to old challenges
