TEAM DERBYSHIRE BRIEFINGS

Informing colleagues from across Joined Up Care Derbyshire about local priorities and how you can play your part.

Regular sessions with local health and care leaders, aiming to:

- Describe what an integrated care system (ICS) is
- Discuss what this means for our population and how it will make a difference to the people you care for or interact with in your service
- Raise awareness of the work of ICS partners, the role they play and how everything aims to connect
- Help you see where your service, team or role fits in and where you can get involved
- Help you get to know the decision-makers in our ICS and understand how you can have greater influence on the agenda

THE FIRST TWO TEAM DERBYSHIRE SESSIONS:

**WHAT IS OUR ICS
AIMING TO ACHIEVE?**

Friday
20TH
May 2022
